Secured 74.5% in board examination

SSLC
St Ann's school Kadaba Secured

81.28% in board examination

LANGUAGE

- ENGLISH
- HINDI
- KANNADA

INTEREST

- DANCING
- TRAVELLING

SKILLS

- C, C++
- HTML,CSS
- Python
- Basics of SQL

INTERNSHIP AND PROJECTS

- **AI based plant identification and growth guidance system**

    A comparative analysis of machine learning algorithms for accurate plant classification: Developed a machine learning model to classify plant species accurately, comparing multiple algorithms for optimized growth guidance.

- **Project titled Phishing detection plugin using random forest classifier**

    Developed a browser plugin to detect phishing websites using the Random Forest algorithm.

- **Project on Automation of Disk monitoring system using UiPath**

    Automated system disk space monitoring using UiPath to trigger alerts when available space drops below 5MB.

- **Student Database Management System** (Internship project)

    Designed and implemented a student database system using PostgreSQL with complex SQL queries for performance analysis and academic record management.

- **Exploratory Data Analysis on Student Performance** (Internship project)

    Performed EDA on a Kaggle dataset to analyze student performance using Python libraries, identifying trends based on gender, test preparation, and scores.

- **Data Science Intern - GlowLogics Solutions Pvt. Ltd. (Jan 2025 – Apr 2025)**
  Conducted data analysis using Python and SQL, developed machine learning models, and automated data cleaning processes to improve efficiency.

- **Worked as HR Assistant , Group of ASHR - Mangalore (March 2025 – May 2025)**
  Handled recruitment tasks including posting job ads, screening applications, scheduling and conducting interviews. Maintained and updated employee records, organized HR documentation, assisted with onboarding processes, responded to employee queries, supported engagement activities, and prepared HR reports and presentations.
